## Message from the President

The following information conveys relevant institutional data pertinent to Navarro College. This data provides an understanding of the institution using a statistical approach. As a public institution responsible to the constituency served, we believe it is our responsibility to publish this information and make it available for review.

The Navarro College Board of Trustees is a custodian of the public trust. Trustees must know the extent to which the College is meeting goals created for the institution, and they must understand performance measures established for the College. Comparative data with other community colleges in Texas with similar characteristics provides a “benchmark” in determining the appropriateness of resource allocations to programs and services throughout the College Service Area.

Navarro College has served residents of the service area in many ways for over 75 years. Our past conveys a tradition of quality and excellence, and in acknowledging our past, we also embrace opportunities before us. This document, updated and published on an annual basis, represents our commitment to continuous quality improvement.

Sincerely,

Dr. Kevin G. Fegan  
District President

## Vice Presidents

Navarro College has four Vice Presidents that work directly with the District President to advance the mission and academic goals of the institution. ## Governance

The official governing body of Navarro College is the Board of Trustees. The Board is composed of seven members who are residents of the college taxing district (Navarro County) and are elected for six-year terms by the qualified voters for the district. They exercise fiduciary oversight of the institution and ensure the College District achieves its full potential within its role and mission, vision, and values. The Board of Trustees meets monthly to review and take action on college policy and procedures.

## History of the College

In spring of 1946, a group of local citizens met to form a steering committee for the purpose of establishing a junior college in Navarro County. In a general election held on July 16, 1946, voters approved the creation of Navarro Junior College and authorized a county tax to help finance the institution. In that same election voters chose a seven-member board of trustees to govern the college. The first students began classes in September 1946. Most of the 238 members of that first student body were returning veterans from World War II taking advantage of assistance available under the newly enacted GI Bill®. The first location of Navarro College was the site of the Air Activities of Texas, a World War II primary flight school located six miles south of Corsicana.

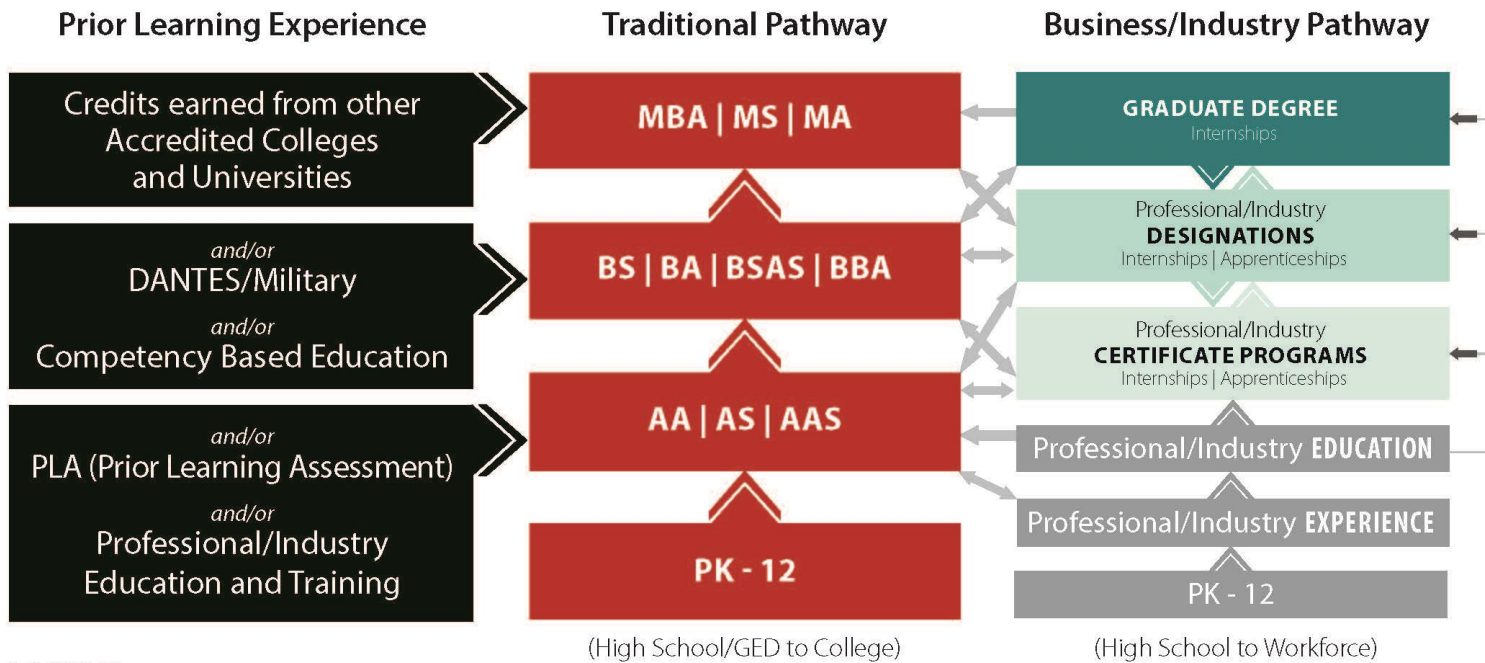

In 1951, the campus was moved to its present location, a 47-acre tract west of downtown Corsicana on State Highway 31. The main campus has now expanded to 103 acres with dozens of buildings. In 1954, Navarro was accredited by the Southern Association of Colleges and Schools Commission on Colleges. The accreditation was reaffirmed in 1964, 1974, 1985, 1995, 2006, and again in 2017.

In 1974, the college broadened its philosophy and purpose to encompass the comprehensive community-based educational concept, adding occupational education programs and implementing new education concepts including individualized and self-paced instruction and the use of audio-tutorial instructional media. In keeping with the new educational role, the word “junior” was dropped from the institution’s name, and the official name Navarro College was adopted by the Board of Trustees.

## Mexia, Midlothian, and Waxahachie Locations

In an attempt to address the growing needs of its service area, which consists of Navarro, Ellis, Freestone, Limestone, and Leon counties, the college began offering courses in various locations in those areas. Therefore, Navarro College established two permanent centers, the Navarro College South at Mexia and the Ellis County Center at Waxahachie. Later, a third center was added in Midlothian. Today, internet is the fastest-growing area of instruction at Navarro. We now also offer hundreds of internet course offerings each semester. Navarro College truly offers the ways and means for every student to reach his/her educational goals.

Note: 1. The 2020 Annual Licensure Report is the latest published THECB data. Success Points were removed 2022-23 factbook and forward, since the state new funding model measures student outcomes, no longer assesses success points. 2. FTIC updated for FA19, 20, 22 to count all FTIC correctly while unduplicated.
